

# Vatica adds value to patient care and helps sustain a private practice

Diego Cahn-Hidalgo, MD, is a primary care physician at Internal Medicine of Brighton in Rochester, N.Y. The practice, which has five physicians and two nurse practitioners, implemented Vatica in 2017.

In his eight years of experience with the solution, Dr. Cahn-Hidalgo recognizes its value and helps pilot new features and services. "Using Vatica has value for patient care. The exploration of the chart clarifies diagnoses. It helps us be more patient-centric," he states.
